Faculty, please complete this section

The student plans to submit their work to the ScholarWorks database, a public research archive that is the University of Vermont's preferred vehicle for sharing faculty and student research.

We are aware that sometimes the publication of student research may compromise the confidentiality of as-yet unpublished faculty research. In addition, we wish to publish scholarly and creative work that the student and the university can be proud of. In light of these and related considerations, we require that student submissions receive the support of a faculty advisor or sponsor.

Please check the appropriate statement below, providing brief explanations if desired, and sign:

_____ The student **has my permission** to post the work to ScholarWorks. Your name will be included as the Faculty Advisor/Sponsor of the work.

_____ The student **does not have my permission** to post the work to ScholarWorks (please explain)

_____ The student's work should be **embargoed** on ScholarWorks. Please specify the reason for and the length of the embargo.
