Trip to the Dentist
I am going to see the Dentist.

First we park the car.

Inside, we check-in at the window. Everyone is nice to me and smiles.
When we are all done, I can choose a prize.

I am brave at the dentist. I can now go back to the car to go home.

We wait for the helper to call our name.

Next, we walk down the hallway with lots of doors to see the dentist.

This is the room where we see the hygienist and dentist.
There are animal helpers in the room that watch me.

Lastly, the dentist checks my teeth. They are nice and will talk to me about my teeth.
We use a toothbrush like at home. There are lots of flavors of toothpaste!

The hygienist paints my teeth to help them grow strong. It might tickle!

The hygienist has special tools to check my teeth.

Light

Tooth Counter

Mirror
The hygienist wears a mask and
gloves.

They have special glasses with a light
to see all my teeth!

I sit in the black chair.

I can sit on my parent’s lap.
I say *AHHHHH* and open my mouth all
the way so they can count my teeth.
