Trip to the Doctor

The Health Center – 2019

I am going to see the doctor.

First we park the car.

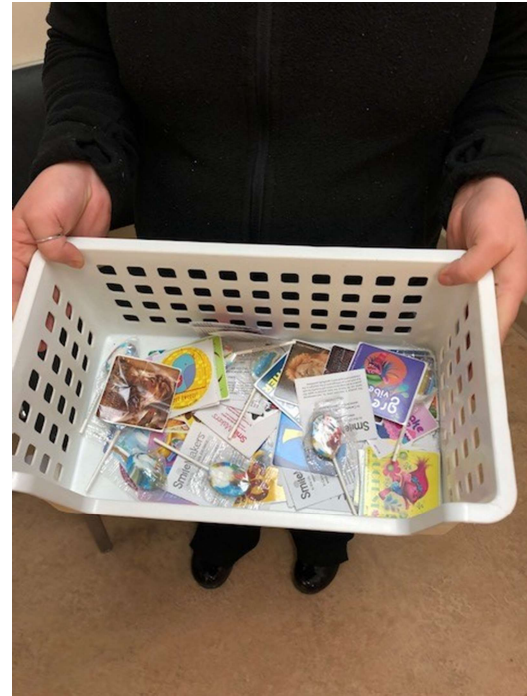

Make sure to say hello!

Inside, we check-in at the window. Everyone is nice to me and smiles.

When we are all done, I can choose a prize.

I am brave at the doctors. I can now go back to the car to go home.

The doctor uses special tools to make sure I am healthy. They will look in my ears, my nose, and my mouth.

The doctor will use a stethoscope to hear my tummy and heart. I can ask to listen to my heart!

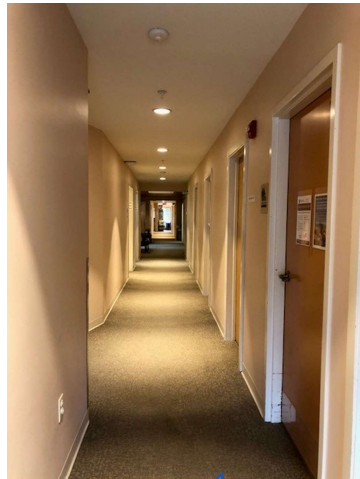

We wait in the waiting room for the nurse to call my name.

First, we see how much I am growing!
The nurse may also check my heart and arm with a gentle squeeze band.
It will feel tight but does not hurt.

Next, we will walk down the hallway with lots of doors to see the doctor.

The doctor will ask me questions. They are very nice and like to talk with me.

This is the room where we see the doctor.

We wait in the red chairs.

I can sit on the table.
