Pathology.—Gross, Weld, Rokitansky, Stillé.
GRADUATION.

The candidate must be twenty-one years of age, of good moral character, and must have studied Medicine three years with a regular practitioner.

He must have attended two full Courses of Lectures, one of which must have been in this Institution.

He must write a Thesis on a medical subject, and present it to the Dean, one month before the close of the session.

He must pass a satisfactory examination before the Medical Faculty and Board of Medical Examiners.

PRIVATE INSTRUCTION.

During the recess of Lectures, from the 1st Monday in September until the last Thursday in November, of each year, students will be instructed in the outlines of Anatomy, Physiology and Hygiene by Prof. Thayer; in Materia Medica by Prof. Carpenter, and in Analytical Chemistry by Prof. Collier, of the University. This course consists of lectures and practical instruction in the Laboratory, where each student has the opportunity of practicing for himself the analysis of those substances which interest him as a physician.

From the 2nd Monday in December until the last Thursday in February there will be recitations in Practical Anatomy, Surgery and Theory and Practice. Students will also have an opportunity of attending lectures upon interesting subjects in the University and State Agricultural College.

BOARD.

Boarding for Students, in Burlington, is as cheap as in other places. Good accommodations furnished Students who wish to board themselves. Many adopt this method, at a great reduction of expense. Students who intend to board themselves will find it greatly to their advantage to come provided with such bedding and culinary articles as they can conveniently bring with them from home.

Students, on coming to Burlington, are invited to call at the Dean's office, where they will obtain all necessary information and assistance.

All those who wish further information may address, by letter,

DR. S. W. THAYER,
Burlington, Vermont,
Dean of Medical Faculty.
