# POCUS Training at SJCHC

We invite you to join us for point of care ultrasound training this coming Monday (3/6) and Tuesday (3/7). Portable ultrasound is emerging as an accessible, efficient and accurate imaging tool with diagnostic and monitoring utility in ambulatory medicine. In this flexible two day training we will introduce and practice point of care ultrasound techniques for ambulatory care under the guidance of Dr. Stephen Genereaux who has extensive clinical and educational experience with hand held portable ultrasounds. Please consider joining us for one or both sessions. Please indicate below which sessions you plan to attend.
