These are topic specific sessions as well as presentation format specific. Abstracts in the fields and areas of the topic are delivered to the affiliate and chosen by them. You will be informed of your invitation to participate in this special session. This can be considered an invitation to a panel for your resume or CV.
- Competitive Sessions: Hosted by the Office of the Vice President for Research, these sessions are judged by community members and local experts. There is a box in the registration form that allows you to opt in or out of competitive sessions, by opting in you are not guaranteed a spot within a competitive session.
